EcoFlow OCEAN Pro

Whole-home battery and solar energy platform

STARTING STORAGE	SYSTEM OUTPUT	PV INPUT
10 kWh	**Up to 24 kW**	**Up to 40 kW**

Key Features

- ✓ Expandable whole-home energy storage
- ✓ Integrated energy management
- ✓ Designed for solar, backup power and intelligent load control

Planning Your Project

Southwest Energy helps homeowners compare equipment, coordinate manufacturer-certified local installation, and manage applicable permit and utility interconnection applications. Final system design, compatibility, pricing and availability are confirmed for each project.
